A REGULAR MEETING

Of The

TRAVERSE CITY LIGHT AND POWER BOARD

Will Be Held On

TUESDAY, April 13, 2010

At

5:15 p.m.

In The

COMMISSION CHAMBERS

(2nd floor, Governmental Center) 400 Boardman Avenue

Traverse City Light and Power will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting/hearing upon notice to Traverse City Light and Power. Individuals with disabilities requiring auxiliary aids or services should contact the Light and Power Department by writing or calling the following.

Jessica Dezelski, Administrative Assistant 1131 Hastings Street Traverse City, MI 49686 (231) 932-4543

Traverse City Light and Power 1131 Hastings Street Traverse City, MI 49686 (231) 922-4940

Posting Date: 04-09-10

3:00 p.m.

PLEDGE OF ALLEGIANCE

1. ROLL CALL

2. CONSENT CALENDAR

The purpose of the consent calendar is to expedite business by grouping non-controversial items together to be dealt with by one Board motion without discussion. Any member of the Board, staff or the public may ask that any item on the consent calendar be removed therefrom and placed elsewhere on the agenda for full discussion. Such requests will be automatically respected. If an item is not removed from the consent calendar, the action noted in parentheses on the agenda is approved by a single Board action adopting the consent calendar.

- A. Consideration of approving minutes of the Regular Meeting of March 9, 2010.
- B. Consideration of approving minutes of the Special Meeting of March 30, 2010.
- C. Consideration of approving minutes of the Study Session of March 31, 2010.
- D. Consideration of approving minutes of the Study Session of April 2, 2010.
- E. Consideration of approving minutes of the Study Session of April 6, 2010.
- F. Consideration of approving agreement for Interactive Utility Website Merchant Services. (Approval recommended) (Arends)

3. OLD BUSINESS

A. Consideration of approving a Wi-Fi System Construction Agreement. (Rice)

4. **NEW BUSINESS**

- A. Presentation of the Renewable Energy Survey results by Cathlyn Sommerfield of Northwestern Michigan College's Research Services Department. (Cooper)
- B. Consideration of approving the 2010-11 Six Year Capital Improvements Plan and Operating Budgets, contingent on City Commission approval. (Rice/Arends)

5. REPORTS AND COMMUNICATIONS

A. From Legal Counsel:

None as of April 9, 2010

- B. From Staff:
 - (1) Annual Circuit Maintenance Program (Wilson)
- C. From Board:

None as of April 9, 2010

6. PUBLIC COMMENT

/jd

Minutes of Regular Meeting
Held at 5:15 p.m., Commission Chambers, Governmental Center
Tuesday, March 9, 2010

BOARD MEMBERS -

Present:

Linda Johnson, Mike Coco, James Hoogesteger, John Snodgrass, Ralph

Soffredine, Jim Carruthers

Absent:

John Welch

EX OFFICIO MEMBER -

Present:

R. Ben Bifoss

OTHERS:

Ed Rice, Tim Arends, Jessica Dezelski, Karen Feahr, Jim Cooper

The meeting was called to order at 5:15 p.m. by Chairperson Johnson.

2. CONSENT CALENDAR

Moved by Soffredine, seconded by Hoogesteger, that the following items, as recommended on the Consent Calendar portion of the agenda, be approved:

- A. Consideration of approving minutes of the Joint Study Session of February 22, 2010.
- B. Consideration of approving minutes of the Regular Meeting of February 23, 2010.

CARRIED unanimously. (Snodgrass absent)

Member Snodgrass arrived at 5:30 p.m.

4. NEW BUSINESS

A. Karen Feahr presented the Integrated Resource Plan to the Board.

5. REPORTS AND COMMUNICATIONS

- B. (1) Ed Rice presented the aggregated results from the two public forums.
 - (2) Ed Rice spoke re: the Quarterly All Employee Staff Meeting.
- C. (1) Jim Carruthers spoke re: open position on the TCL&P Board.
 - (2) Ed Rice provided a brief update on the WiFi project.

6. PUBLIC COMMENT

No one from the public commented.

The meeting adjourned at 6:54 p.m.

Minutes of Light and Power Board Special Meeting Held at 5:15 p.m., Governmental Center, Commission Chambers Tuesday, March 30, 2010

LIGHT AND POWER BOARD MEMBERS -

Present:

Linda Johnson, Mike Coco, John Welch, John Snodgrass, James

Hoogesteger, Ralph Soffredine, Jim Carruthers

Absent:

None

EX OFFICIO MEMBER -

Present:

Ben Bifoss, City Manager

OTHERS:

Ed Rice, Tim Arends, Jessica Dezelski, Karen Feahr, Doug Zufelt

The meeting was called to order at 5:15 p.m. by Chairperson Johnson.

1. Presentation by the Michigan Land Use Institute.

Brian Beauchamp of the Michigan Land Use Institute and Tom Karas of the Michigan Energy Alternatives Project made a presentation to the Board.

Presentation of the WiFi Business Plan. 2.

Rob Franzo of Mitten Communications, LLC and Jim Selby of Aspen Wireless presented the WiFi Business Plan to the Board.

Public Comment:

Bryan Crough, Community Development Coordinator

Moved by Coco, seconded by Soffredine, that the Light and Power Board directs staff to negotiate a contract with Aspen Wireless and Mitten Communications, LLC to allow for construction and implementation of a Wi-Fi project as presented.

CARRIED unanimously.

Chairman Johnson appointed Vice Chairman Coco, Member Welch and Member Snodgrass to the Ad-Hoc Wi-Fi Committee with a term of one year.

3. **Public Comment**

/jd

No one from the public commented.

Meeting adjourned at 7:40 p.m

4

Minutes of Light and Power Board Study Session Held at 5:15 p.m., Light & Power Service Center Wednesday, March 31, 2010

LIGHT AND POWER BOARD MEMBERS -

Present:

Linda Johnson, Mike Coco, John Welch, John Snodgrass, Ralph

Soffredine, Jim Carruthers

Absent:

James Hoogesteger

EX OFFICIO MEMBER -

Present:

MOVED BY

Interactive Utility Website Merchant Services

Attached is a memo from the Deputy City Treasurer requesting that the Light & Power Board approve entering into an agreement with Automated Merchants Systems that will allow customers to pay their bills by credit card on the new interactive website that will be launched this summer.

Currently, customers can pay their bill by credit card through a third party if they accept a convenience fee. This new agreement will require the utility to absorb the credit card discount fee with no convenience fee charged to the customer. It was the consensus of City and Light & Power staff to allow only residential customers the ability to pay by credit card through the interactive site; other customers would have to use the third party method currently in place to pay by credit card. We plan to review actual fees paid after a few months to determine our exposure.

Approval of this item on the consent calendar means you agree with staff's recommendation to enter into an agreement with Automated Merchants Systems. If removed from the consent calendar it should be placed as a New Business item. If after Board discussion you agree with staff's recommendation the following motion would be appropriate:

THAT THE LIGHT AND POWER BOARD AUTHORIZE THE CITY TREASURER'S
OFFICE TO ENTER INTO AN AGREEMENT, ON BEHALF OF THE UTILITY, WITH
AUTOMATED MERCHANTS SYSTEMS TO PROVIDE MERCHANT SERVICES FOR
THE INTERACTIVE UTILITY WEBSITE; SUBJECT TO APPROVAL AS TO FORM BY
THE CITY'S ATTORNEY.

. SECONDED BY

Memorandum

The City of Traverse City

TO:

Tim Arends, Light and Power Controller

CC:

Bill Twietmeyer, City Treasurer

FROM:

Karla Myers-Beman, Deputy Treasurer

DATE:

April 1, 2010

SUBJECT:

Interactive utility website

I am requesting approval for Light and Power to enter into an agreement with Automated Merchants Systems. The purpose of this agreement is to provide merchant services (processing online credit card transactions) for the interactive utility website. The cost more commonly known as discount fees, vary based on the type of credit card used and if the information entered by the customer such as zip code matches the credit card company data files (if data does not match the higher the discount fee is used). The proposed discount fees range from 0% +.45 to 2.5% +.10. On top of the discount fees there are the following ancillary charges:

Monthly service fee

\$7.50

Markup

.2%+.05

PCI Noncompliance

.05% (this will only be temporary)

MC Assessments

.095%+.02

Visa Assessment

.0925%+.02

Authorization/Decline .10

At this time, it is the intention of staff to provide this service to only our residential and not to our commercial or industrial customers as the discount charges absorbed by the utility for those customers could be significant. Each utility fund will be charged their pro rata share of discount fees based on the amount paid for their service.

It is difficult to present an exact amount that will be charged to each fund because of the unknown variables such as the number of people who will utilize the interactive utility billing software, the type of credit cards that will be used and the dollar amount of the invoices that will be paid. Only an estimate can be provided with making the following assumptions.

With the information from the past and number of customers who currently utilize certified payments and payment online with their bank it is estimated starting out approximately 12.5% or 1000 of our residential customers will utilize this service, average bill is approximately \$100, with a breakdown of services as follows, \$64.50 for electricity, \$27 for sewer and \$8.50 for water, respectively. Additionally, it is assumed that 25% of the transactions data would not match the credit card company's data files.

The amount calculated for those customers on a monthly basis with having no issues of data matching (75% at \$75,000 revenue) is \$305.25, \$196.89 for electricity, \$82.42 for sewer and \$25.94 for water, respectively. The amount calculated for those customers on a monthly basis where data does not match (25% at \$25,000 revenue) is \$723.00, \$466.33 for electricity, \$195.21 for sewer, and \$61.46 for water, respectively. The combined total cost on a monthly basis would be \$1,028.25, \$663.22 for electricity, \$277.63 for sewer and \$87.40 for water, respectively.

Subject:

Wi-Fi System Professional Services Agreement - Phase 2

At your previous meeting the Board voted that staff be directed to negotiate a contract with Aspen Wireless and Mitten Communications to allow for the construction of a Wi-Fi Network Phase 2 Project as described in their Business Plan Presentation.

Attached is a proposed Professional Services Agreement for your consideration that provides for the construction of a Wi-Fi Network as depicted in Schedule "A", "Scope of Work." The contract includes the purchase of materials (Schedule C), system engineering, project management services, system troubleshooting, and marketing and promotion efforts through September 30, 2010. Future marketing and promotion efforts and system troubleshooting repair and maintenance, if independently contracted for, would be defined under a separate agreement at a future date.

If it is the desire of the Board to go forward with the Wi-Fi Network Phase 2 project the following motion would be appropriate:

MOVED BY	. SECONDED BY	

THAT CONTINGENT UPON THE AMENDMENT OF ORDINANCE §1046.02 BY THE CITY AS REQUESTED BY TCL&P, THE LIGHT AND POWER BOARD WAIVES COMPETITIVE BIDDING AND AUTHORIZES THE EXECUTIVE DIRECTOR TO ENTER INTO A CONTRACT WITH ASPEN WIRELESS, LLC AND MITTEN COMMUNICATION, LLC IN THE AMOUNT OF \$330,000 TO ALLOW FOR THE PURCHASE, ENGINEERING, DESIGN AND MARKETING OF A WI-FI NETWORK PHASE 2 PROJECT; AND FURTHER AUTHORIZES THE EXECUTIVE DIRECTOR TO ISSUE CHANGE ORDERS THAT ARE IN THE BEST INTEREST OF THE UTILITY, SUBJECT TO APPROVAL AS TO FORM BY COUNSEL.

TRAVERSE CITY LIGHT AND POWER PROFESSIONAL SERVICES AGREEMENT

THIS AG	REEMENT m	ade this	day of	, by	and betwee	n the T	RAVERSE
CITY LIGHT AT	ND POWER D	EPARTMEN	T (TCL&P	or Client), a	a Michigan	munici	pal electric
utility, of 1131	Hastings St.	, Traverse (City, Mich	igan 49686	, and AS	PEN V	VIRELESS
TECHNOLOGIE	ES, LLC (a	a Colorado	limited	liability	company)	and	MITTEN
COMMUNICAT	TONS, LLC (a	Michigan lin	nited liabilit	ty company)	who toget	her are	a Michigan
Joint Venture (Co	ontractor or Jo	nt Companie	s).				

WITNESSETH:

WHEREAS, TCL&P desires to engage the services of the Contractor to furnish technical and professional assistance concerning construction of the project which is described as:

WI-FI NETWORK PHASE 2 PROJECT

and the Contractor wishes to furnish such technical and professional service to TCL&P and has represented that Contractor has the education, expertise, capability, equipment, and the necessary licenses to perform such services;

THEREFORE, the parties mutually agree as follows:

- 1. <u>Scope of Work</u>. The Contractor shall provide services in accordance with and as set forth in Schedule "A", "Scope of Work", attached hereto and incorporated herein by reference.
- 2. <u>Compensation and Method of Payment</u>. TCL&P shall pay to the Contractor and the Contractor agrees to accept as full compensation for services under this Agreement an amount of \$330,000 in accordance with Schedule "B", "Timetable for Activities and Schedule of Payments", attached hereto and incorporated herein by reference including any change orders approved in advance by the Executive Director.
- 3. <u>Period of Performance</u>. The work to be rendered under this Agreement shall commence within 30 calendar days as time period specified in Schedule "B". Performance and completion of performance shall be in accordance with the schedules attached hereto.
- 4. <u>Independent Contractor</u>. The relationship of the Contractor to TCL&P is that of an independent Contractor and in accordance therewith, Contractor covenants and agrees to conduct itself consistent with such status and that neither it nor its employees, officers or agents will claim to be an officer, employee or agent of TCL&P, or make any claim, demand or application, to or for any rights or privileges applicable to any officer or employee of same, including, but not limited to worker's compensation coverage, unemployment insurance benefits, social security coverage, or retirement membership or credit.

- 5. <u>Contractor Responsibility</u>. The Contractor shall perform the work in a good and workmanlike manner and assumes the risk in performing under this Agreement. Contractor shall be solely responsible and answerable in damages for all improper work, accidents or injuries to person or property. Contractor shall make a careful examination of the site, plans, specifications and all conditions affecting the work, and any failure to make such examination will not be a valid excuse for failure to do the work as a basis for any claim for extra compensation or extension of time. Contractor acknowledges having visited the site and shall promptly give TCL&P written notice of any physical condition discovered differing materially from that indicated in this Agreement or unknown and of an unusual nature differing materially from that ordinarily encountered and generally recognized as adhering to this type of work.
- 6. <u>Indemnity</u>. Contractor shall defend, indemnify and save harmless TCL&P, its officers and employees, from and against any and all claims, liabilities, losses, damages, actual attorneys' fees and settlement expenses for injury or death, or, any person and damage, or loss of any property allegedly or actually resulting or arising out of any act, omission, or negligence of Contractor or its employees, agents or subcontractors in connection with performing this Agreement, or resulting from or arising out of the joint negligence of TCL&P and that of Contractor or any other person or entity. TCL&P shall not be indemnified against liability for damages arising out of bodily injury or damage to property where the entire amount of such damage, whether recoverable or not, is caused by or resulted from the sole negligence of TCL&P, its officers or employees. This indemnification agreement shall not be limited by reason of any insurance coverage. (Project scope does not include installation. Defects in the equipment hardware, software, brackets, cables, etc. are covered by manufactures warranty.)
- 7. <u>Insurance</u>. The Contractor shall acquire and maintain comprehensive general liability insurance coverage, and comprehensive automobile liability insurance coverage. The limits and deductible shall be as follows:
 - A. Comprehensive General Liability insurance with a \$2,000,000 minimum in coverage.
 - B. Comprehensive Automobile Liability insurance with a \$1,000,000 minimum in coverage.

The Contractor agrees not to change such insurance and agrees to maintain such insurance throughout the period of performance of this Agreement. Contractor will within two weeks of the execution of this Agreement provide a certificate of insurance to the Executive Director. Such certificate shall name TCL&P as an additional insured.

8. <u>Workers' Compensation</u>. The parties shall maintain suitable workers' compensation insurance pursuant to Michigan law and Contractor shall provide a certificate of insurance or copy of state approval for self-insurance to the Executive Director within two weeks of the execution of this Agreement.

- 9. <u>Compliance with Regulations</u>. The Contractor shall comply with all applicable statutes, rules and regulations of all Federal, State and local governments and agencies having jurisdiction, and bears the risk of any such authorities or changes thereto.
- 10. <u>Standard of Conduct</u>. Contractor shall render all services under this Agreement according to generally accepted professional practices for the intended use of the work or project.
- 11. <u>TCL&P's Obligation</u>. TCL&P shall provide Contractor with all information currently available to it upon request of the Contractor. TCL&P's Executive Director, or such other person as the Executive Director shall designate, shall be TCL&P's representative for purposes of this Agreement.
- 12. <u>Non-Discrimination</u>. The parties agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions or privileges of employment or a matter directly or indirectly related to employment because of race, color, religion, national origin, age, sex, height, weight, or marital status. Breach of this covenant may be regarded as a material breach of this Agreement.
- 13. <u>Prohibition Against Assignment</u>. This Agreement is intended to secure the service of Contractor because of its ability and reputation and none of the Contractor's duties under the Agreement shall be assigned, subcontracted, or transferred without the prior written consent of TCL&P. Any assignment, subcontract or transfer of Contractor's duties under this Agreement must be in writing.
- 14. <u>Third-Party Participation</u>. The Contractor agrees that despite any subcontract entered into by the Contractor for execution of activities or provision of services related to the completion of this project, the Contractor shall be solely responsible for carrying out the project pursuant to this Agreement. The Contractor shall specify in any such subcontract that the subcontractor shall be bound by this Agreement and any other requirements applicable to the Contractor in the conduct of the project, unless TCL&P and the Contractor agree to modification in a particular case. The Contractor shall not subcontract unless agreed upon in writing by TCL&P.
- 15. <u>Interest of Contractor</u>. The Contractor represents that its officers and employees have no interest and covenant that they will not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of Contractor's services and duties hereunder. The Contractor further covenants that in the performance of the Agreement, no person having any such interest shall be employed. Contractor further covenants that neither it nor any of its principals are in default to TCL&P.
- 16. <u>Covenant Against Contingent Fees</u>. The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide

employees. For breach of violation of this warranty, TCL&P shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

- 17. <u>Qualifications of the Contractor</u>. The Contractor specifically represents and agrees that its officers, employees, agents and consultants have and shall possess the experience, knowledge, and competence necessary to qualify them individually for the particular duties they perform hereunder.
- 18. <u>Notice</u>. Whenever it is provided in this Agreement that a notice or other communication is to be given or directed to either party, the same shall be given or directed to the respective party at its address as specified in the Agreement, or at such other address as either party may, from time to time, designate by written notice to the other.
- 19. <u>Amendments</u>. This Agreement may be modified from time to time, but such modifications shall be in writing and signed by both parties.
- 20. Termination for Fault. If TCL&P determines that the Contractor has failed to perform or will fail to perform all or any part of the services, obligations, or duties required by this Agreement, TCL&P may terminate or suspend this Agreement in whole or in part upon written notice to the Contractor specifying the portions of the Agreement and in the case of suspension shall specify a reasonable period not more than thirty (30) days nor less than fifteen (15) days from receipt of the notice, during which time the Contractor shall correct the violations referred to in the notice. If the Contractor does not correct the violations during the period provided for in the notice, this Agreement shall be terminated upon expiration of such time. Upon termination, any payment due the Contractor at time of termination may be adjusted to cover any additional costs occasioned by reason of the termination. This provision for termination shall not limit or modify any other right of TCL&P to proceed against the Contractor at law or under the terms of this Agreement.
- 21. Force Majeure. If because of Force Majeure, either party is unable to carry out any of its obligations under this agreement (other than obligations of such party to pay or expend money for or in connection with the performance of this Agreement), and if such party promptly gives to the other party concerned written notice of such force majeure, then the obligations of the party giving such notice will be suspended to the extent made necessary by such force majeure and during its continuance, provided the effect of such force majeure is eliminated insofar as possible with all reasonable dispatch. "Force Majeure" means unforeseeable events beyond a party's reasonable control and without such party's fault or negligence, including, but not limited to, acts of God, acts of public enemy, acts of the federal government, acts of another party to this Agreement, fire, flood, inclement weather, epidemic, quarantine restrictions, strikes and embargoes, labor disturbances, the unavailability of raw materials, legislation, charter amendments or referendum, orders or acts of civil or military authority, injunctions, or other causes of a similar nature which wholly or substantially prevent performance. If the suspension of work lasts for more than 30 days, TCL&P may terminate this Agreement.

- 22. <u>Delay</u>. If the Contractor is delayed in the completion of the work due to Force Majeure, or otherwise, the time for completion may be extended for a period determined by TCL&P to be equivalent to the time of such delay. TCL&P may terminate this Agreement if the delay lasts for more than 30 days. Upon termination by TCL&P, the Contractor shall be entitled to and TCL&P shall pay the costs actually incurred in compliance with this Agreement until the date of such termination, but not more than the maximum contract amount.
- 23. <u>Interpretation</u>. This Agreement shall be governed by the laws of the State of Michigan, both as to interpretation and performance. This Agreement was drafted at the joint direction of the parties. The pronouns and relative words used herein are written in the neuter and singular. However, if more than one person or entity joins in this Agreement on behalf of Contractor, or if a person of masculine or feminine gender joins in this Agreement on behalf of Contractor, such words shall be interpreted to be in the plural, masculine or feminine as the sense requires.
- 24. <u>Venue</u>. Any and all suits for any and every breach of this Agreement may be instituted and maintained in any court of competent jurisdiction in the County of Grand Traverse, State of Michigan.
- 25. <u>Entire Agreement</u>. This Agreement, together with all items incorporated herein by reference, constitutes the entire agreement of the parties and there are no valid promises, conditions or understandings which are not contained herein except for the January 27, 2010, Mutual Non-Disclosure Agreement. The parties acknowledge that the Professional Services Agreement signed February 9, 2010, has been fully completed and paid. It is understood that should Contractor recommend further work concerning the project, TCL&P is under no obligation to engage Contractor in such work.
- 26. <u>Third-Party Beneficiaries</u>. The parties do not intend for there to be any third party beneficiaries to this agreement.
- 27. <u>No Joint Venture or Partnership</u>. This Agreement does not and is not intended to create a joint venture or partnership between the parties. The rights and obligations of the parties are entirely contained within this Agreement.
- 28. <u>Authority to Execute</u>. The parties agree that the signatories appearing below have the authority and are duly authorized to execute this Agreement on behalf of the party to the Agreement.
- 29. <u>Dispute Resolution</u>. If any party has a dispute with another regarding the meaning, operation, or enforcement of any provision of this Agreement, the disputing parties agree to meet and confer to negotiate a resolution of the dispute. They further agree as follows:
 - (A) **Mediation**. If they are unable to resolve the dispute themselves and before

formally instituting any other dispute mechanism, they shall utilize the services of a mutually acceptable neutral mediator, who meets the qualifications of MCR 2.411, to bring them together in at least one mediation session.

- (B) **Venue.** All meetings, hearings and actions to resolve the dispute shall be in Grand Traverse County.
- (C) **Notice**. Written notice of a dispute shall be given to the other parties not later than 90 days after the occurrence giving rise to the dispute becomes known or should have become known. Negotiations and mediation shall occur within 60 days after such notice.
- 30. <u>TCL&P Responsibility</u>. TCL&P shall provide the necessary qualified resources for the project to complete negotiation and closure of required agreements, provide staging facility access, fiber network access and configuration, head-end facility access and configuration, outside plant construction of the project per the project plan with any deficiencies in available resources identified and mitigated by TCL&P to not delay the project.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first above written.

APPROVED AS TO FORM:	
W. Peter Doren General Counsel	

SCHEDULE A

SCOPE OF WORK

The parties agree that the scope of work for TCL&P shall consist of the following duties and obligations:

The Joint Companies will provide business and engineering consulting services including business planning, system engineering and project planning of IP enhancements to Client's existing fiber network. The Joint Companies will provide project management and engineering services for the construction of Wi-Fi Network Phase 2 (as defined herein), and two years of services for the associated business development, marketing, engineering, maintenance, and network operation or the resulting Phase 2 Wi-Fi Network.

The Phase 2 Wi-Fi Network is to be constructed by TCLP according to the engineering and design provided by the Joint Companies. It will consist of the equipment specified by the Joint Companies at locations in Traverse City to provide the Wi-Fi coverage shown on the attached map. The equipment specified is described on Schedule C.

The Joint Companies will document an overall strategy and plan for the IP enhancement of the Client's fiber network, and provide additional business and engineering deliverables specific to the business development, marketing, engineering, maintenance, and network operation of the Phase 2 Wi-Fi Network.

For the project, Client will provide owned information required by the Joint Companies or otherwise pertinent to the current operation and enhancement of the Client's fiber network. 3rd party information will also be gathered, often under a Non-Disclosure Agreement between the Client and the 3rd party, but facilitated by the Joint Companies on behalf of the Client, but at no time will the Joint Companies have authority to bind the Client. Tools and other confidential information provided by Joint Companies to Client for purposes under this Agreement are the owned property of Joint Companies. Information and outputs provided as deliverables to Client are the owned property of the Client. Provisions within separately executed Non-Disclosure Agreement cover the security and confidentiality of such owned, proprietary and/or confidential information exchanged under this Agreement.

Client understands that the Joint Companies may contract with outside firms to assist in the preparation of the engineering portions of the Agreement as required. Client understands that input may be provided directly to these outside firms in the process of completing the Agreement. Written notice to the Client will be provided to confirm vendor participation and authority to contact Client directly by any Joint Company engaged outside firms.

Project Inputs (which were developed for Client by Joint Companies under the Phase 1 Agreement)

- 1. 5-Fiscal Year Business Model including Capital and Operational Budget Outlook
- 2. Engineering Site Survey
 - a. Grandview Parkway
 - b. DDA Zone and Front Street to Division Street
 - c. NMC Campus
- 3. Network Design
 - a. Infrastructure Identified
 - b. Identified POPs, Poles, Lights and Associated Location Data
 - c. Wi-Fi Coverage Analysis
 - i. Grandview Parkway
 - ii. Northwest College Outdoor
 - iii. DDA Zone
 - iv. Front Street to Division Street

Project Deliverables:

During the project Joint Companies will perform the following tasks and provide related deliverables:

- 1. Project Planning and Management:
 - a. Delivery of a Deployment Project Plan
- 2. Business Model Refinement:
 - a. Incorporates:
 - i. actual deployment costs,
 - ii. business development results and refined customer revenue projections
 - b. Updated quarterly for duration of project and reviewed with Client
- 3. Business and Engineering Contract Negotiations:
 - a. Direct Internet Access (DIA) Contract Negotiation
 - b. Equipment Provider Contract Negotiation and Procurement
- 4. Network Equipment
 - a. Received
 - b. Staged
 - c. Configured
 - d. Provisioned
 - e. Operations Support Systems (OSS) and Billing Integration
- 5. Marketing and Business Development/Sales:
 - a. Pre-launch:
 - i. Develop Service Agreements and tiered service rates based upon business plan
 - ii. Splash Page Acceptance and Creative Approved
 - iii. Secure agreements with targeted businesses per integrated business and project plan
 - iv. Develop and manage 3rd party relationships required for overall service offering
 - 1. Client Advertisement Plan

- 2. Client Device Application Development Plan
- b. Post-launch
 - i. Continue securing agreements with targeted businesses
 - ii. Continue developing and managing required 3rd party relationships
 - iii. Report business results monthly
- 6. Network Testing
 - a. Infrastructure Integration/System Testing Complete
 - b. Network Operations Center (NOC) Processes Complete
 - c. Technician Training Complete
 - d. Trouble Report Testing Complete
 - e. Operational Readiness Verification
- 7. Network Approval for Market Launch
 - a. Beta
 - b. General Availability (GA)
- 8. Network Operation and Maintenance
 - a. Report network operation monthly
 - i. Monitor and Tune Network Performance
 - ii. Perform Necessary Maintenance
 - b. Complete and file Federal Communication Commission (FCC) forms as required
 - i. Form 477 (Broadband Adoption)
 - ii. Form 455 (Communications Assistance for Law Enforcement Act (CALEA)

11

SCHEDULE B

TIMETABLE FOR ACTIVITIES

Contractor services shall commence within 30 calendar days after execution of this Agreement. The schedule of activities shall be as follows:

Joint Companies shall perform to the best of its abilities to achieve estimated completion dates, however is not bound to these specific dates and is not responsible for reasonable delays. Estimated completion dates are based upon timely receipt of payments, information, schedule of personnel and any 3rd party deliverable estimates.

ID	Project Deliverable	Estimated Delivery
D1.a	Deployment Project Plan in Excel	April 19, 2010 *
D2.a	Updated Business Model	June 28, 2010
D2.b	Quarterly Update of Business Model (QUBM)	End-Of-Quarter (EOQ) + 2 weeks
D2.b.i	1 st QUBM (July 2010)	EOQ + 2 weeks
D3.a	DIA Agreement Signed	May 31, 2010
D3.b	Network Hardware Order Agreement Signed and Procured	April 19, 2010 **
D4.a	Network Equipment Received	May 3, 2010
D4.b	Network Equipment Staged	May 17, 2010
D4.c	Network Equipment Configured	May 24, 2010 *
D4.c	Network Equipment Provisioned	June 28, 2010
D4.d	OSS and Billing Integration	June 30, 2010
D5.a.i	Service Agreements and Tiered Service Rates	May 10, 2010
D5.a.ii	Splash Page Acceptance and Creative Approval	June 7, 2010
D5.a.iii	Secured Initial Agreements	July 12, 2010
D5.a.iv.1	Client Advertising Plan	June 21, 2010
D5.a.iv.2	Client Device Application Development Plan	June 28, 2010
D5.b.iii	Report business results including D5.b.i & D5.b.ii	EOM + 5 business days
D6.a	Infrastructure Integration/System Testing Complete	June 30, 2010 *
D6.b	NOC Processes Complete	July 26, 2010
D6.c	Technician Training Complete	July 26, 2010
D6.d	Trouble Report Testing Complete	July 26, 2010

ID	Project Deliverable	Estimated Delivery
D6.e	Operational Readiness Complete	July 26, 2010
D7.a	Network Approval for Beta Market Launch	July 1, 2010
D7.b	Network Approval for GA Launch	August 1, 2010 *
D8.a	Report network operation and operations including D8.a.i and D8.a.ii	EOM + 5 business days
D8.b	Complete and file FCC forms as required	Quarterly per statute

Services shall be completed not later than August 31, 2010.

SCHEDULE OF PAYMENTS

Payments shall be made to the Contractor in accordance with the following schedule:

Joint Venture companies will provide said deliverables to Client in accordance with this Statement of Work, and as such, Client shall provide Joint Companies the following payment options per project type:

Any change orders must be approved by the Executive Director in advance.

• Schedule of payments follows:

ID	Project Deliverable	Date	Amount
D1.a	Deployment Project Plan in Excel	April 19, 2010	\$20,000
D6.a	Infrastructure Integration/System Testing Complete	June 30, 2010	\$15,000
D3.b	Network Hardware Order Agreement Signed and Procured	April 19, 2010	\$237,380
D4.c	Network Equipment Configured	May 24, 2010	\$20,000
D7.b	Network Approval for GA Launch	August 1, 2010	\$37,620
	Total		\$330,000

• Payment Term is Net 20 days from receipt of invoice.

Payment is to be made to "Aspen Wireless Technologies, LLC," on behalf of the Joint Venture.

Renewable Energy Survey

Cathlyn Sommerfield, from Northwest Michigan College's Research Services Department, will present the results of the April survey of Light and Power's customers as part of our renewable energy communication plan. While compiling the questions it was apparent from the survey completed less than 10 months ago and the public forums held in February that customers supported renewable generation options, especially wind and solar. Since the biggest unknown was biomass generation it was decided to focus on that resource for this survey. Statistically significant sample sizes from the residential, commercial, and industrial rate classes were all surveyed. As of today the results are still being analyzed and compiled. They will be complete for the April 13th meeting and will be sent to you if completed earlier. Please see the attached survey.

Traverse City Light & Power: Renewable Energy Survey 2010

Nort surv view a rar shar	calling from Research Services at hwestern Michigan College. We are conducting a customer bey for Traverse City Light & Power. They are interested in your sand opinions on renewable energy sources. You are part of adomly selected customer sample and any information you be will be confidential. The survey takes about 2 minutesis a good time?
First,	please consider the following characteristics of service offered by Traverse City Light & Power and indicate how important each is to you:
	Providing electricity at low cost.
1.	How important would you say this characteristic is to you? Very Important Somewhat Important Undecided Somewhat Unimportant Very Unimportant Very Unimportant
	Providing reliable electric service with fewer outages and surges.
2.	How important would you say this characteristic is to you? Very Important Somewhat Important Undecided Somewhat Unimportant Very Unimportant Very Unimportant
	Now, please consider local economic activities and development.
3.	How important would you say support of local jobs is to you? Very Important Somewhat Important Undecided Somewhat Unimportant Very Unimportant Very Unimportant
4.	How important would you say purchasing local products and services is to you? Very Important Somewhat Important Undecided Somewhat Unimportant Very Unimportant Very Unimportant

5.	Very Important Somewhat Important Undecided Somewhat Unimportant Very Unimportant Very Unimportant Very Unimportant	•
6.	How would you rate Traverse City Light & Power as an environmentally sensitive utility? Excellent Above Average Average Below Average Poor	
Light electrons wood would would would be seen to be se	ext question addresses renewable energy. Traverse City & Power is currently investing in wind, solar, and landfill gastic power generation. To further diversify, Light & Power is dering building a local renewable power plant which uses chips, commonly known as biomass, for fuel. This plant be relatively small in size, fully enclosed, and located in an crial area. The plant's emissions would be less than coal, meet Federal and State standards, and would likely increase

2010-11 Operating Budgets & Six Year Capital Improvements Plan - 2010

Date:

April 9, 2010

In accordance with City Charter Chapter XVIII, section 179(i)(o), the department budgets along with the capital plan must be submitted to the City Commission for their consideration.

The 2010-11 operating budgets for the electric utility and fiber optics utility were reviewed by the Board at its March 31, 2010 Study Session. Staff recommends that these proposed budgets and capital plan be approved, contingent on City Commission approval, and forwarded to the City Manager for presentation to the City Commission for their review and consideration.

The following motions would be appropriate if you agree with staff's recommendation:

MOVED BY	, SECONDED BY	•

THAT THE 2010-11 STAFF RECOMMENDED OPERATING BUDGETS AND SIX YEAR CAPITAL IMPROVEMENTS PLAN FOR THE ELECTRIC UTILITY AND FIBER OPTICS FUND BE APPROVED, CONTINGENT ON CITY COMMISSION APPROVAL; AND FURTHER THAT STAFF BE DIRECTED TO SUBMIT THESE DOCUMENTS TO THE CITY MANAGER FOR PRESENTATION TO THE CITY COMMISSION FOR THEIR CONSIDERATION AND APPROVAL.

INTERNAL FINANCING:

GENERATION:

Baseload Capacity – Biomass

Location: Local distributed generation - either inside or outside City Limits

Character: Biomass electric generating facilities

<u>Extent:</u> Costs related to biomass generating facilities to provide up to 20 MWatts of baseload generation capacity.

Estimated Cost: \$12.1 Million

Fiscal Year(s): 2010-11 through 2015-16

Solar Generation – 50 kW (NEW)

Location: Local solar generation inside the City Limits

Character: Solar panels on buildings or rooftops

Extent: Costs related to installation of solar panels to provide up to 50 KWatts of generation.

<u>Estimated Cost:</u> \$500,000 <u>Fiscal Year(s):</u> 2012-13

DISTRIBUTION and SUBSTATION:

Line Improvements, Extensions, New Services

Location: Throughout the entire service area

<u>Character:</u> Construction/replacement of overhead and underground distribution facilities involving the use of wire, poles, meters, cabinets, and transformers.

<u>Extent:</u> This is an annual project in which wages, benefits, and equipment charges are capitalized for upgraded existing services or to provide for new customer services.

Estimated Cost: \$6.1 Million

Fiscal Year(s): 2010-11 through 2015-16 (Annual Program)

DISTRIBUTION and SUBSTATION (continued):

Overhead to Underground Conversion Projects

Location: Throughout the entire service area

Character: Conversion of overhead transmission and/or distribution facilities to underground.

Extent: Annual Program for Approved Projects.

Estimated Cost: \$7 Million

Fiscal Year(s): 2010-11 through 2015-16 (Annual Program)

Distribution Circuit Additions/Upgrades

Location: Throughout the entire service area

Character: Construction of new overhead distribution circuits

Extent: New circuits and upgrade of existing circuits to improve reliability and serve

anticipated growth.

Estimated Cost: \$300,000 per fiscal year

Fiscal Year(s): 2010-11 through 2015-16 (Annual Program)

New 69kV/13.8kV Distribution Substation/Site

<u>Location:</u> Southern portion of service area – possibly outside city limits.

Character: Construction of new 69/13.8kV distribution substation.

Extent: To include land purchase and facilities

Estimated Cost: \$4.25 Million

Fiscal Year(s): 2010-11 through 2011-12

Pine Street Overhead to Underground Conversion

<u>Location:</u> Starting from behind Hall Street Substation South along Pine Street & crossing the Boardman River.

Character: Convert existing overhead distribution facilities to underground.

Extent: In concert with TIF 97 Plan for Pine Street projects – this is a two phase project as

directed by the DDA through the TIF 97 Plan.

Estimated Cost: \$1 Million Fiscal Year(s): 2012-13

TRANSMISSION and SUBSTATION:

Inventory of Materials for Substation, Transmission & Distribution

<u>Location:</u> 1131 Hastings Street <u>Character:</u> Inventory Purchases

Extent: Provide for contingency reserve equipment/supplies.

<u>Estimated Cost:</u> \$50,000 Fiscal Year(s): 2010-11

69kV Load Break Switches

<u>Location:</u> Three separate locations - S Airport Sub Junction on LaFranier Rd, Barlow Junction near Barlow Substation, & Cass Road Junction near Twelfth Street

Character: New steel poles & transmission switches

Extent: Replacing wood poles and switches with new steel poles & switches

Estimated Cost: up to \$600,000

Fiscal Year(s): 2013-14 through 2015-16

New 69kV Transmission Line and Substation – East Side

<u>Location:</u> East Side of Service Area (to be determined – substation and majority of the transmission line would be outside the city limits)

Character: Overhead transmission facilities to include new poles and wire

Extent: From a new transmission substation to an existing distribution substation (to be determined)

Estimated Cost: \$5.2 Million

Fiscal Year(s): 2010-11 through 2011-12

Transmission Line Re-conductor

<u>Location:</u> Existing transmission corridor along Hammond, Barlow, LaFranier, Cass, Wadsworth, and north end of Boardman Lake

Character: Overhead transmission facilities to include new poles and wire.

Extent: Re-conductor/rebuilding of existing 69kV transmission lines with new 69kV transmission lines.

Estimated Cost: \$3.67 Million

Fiscal Year(s): 2012-13 through 2015-16

FACILITIES:

Wind Turbine Refurbishment

Location: Bugai Road @ M-72

Character: Replace existing gear box with new gear box

Extent: Repair or replacement due to normal wear.

<u>Estimated Cost:</u> \$150,000 <u>Fiscal Year(s):</u> 2015-16

Hastings Service Center Facility Improvements

Location: 1121 to 1131 Hastings Street

Character: Site improvements to existing facility

Extent: Demolition/Property acquisition and facility expansion/improvements

Estimated Cost: \$1.2 Million

Fiscal Year(s): 2010-11 through 2015-16(Annual Program)

SCADA, COMMUNICATIONS, and OTHER ITEMS:

Smart Metering Technologies

Location: Entire Service Area

Character: Electric meters and software to accommodate "smart metering" capabilities.

Extent: An annual program to provide for the migration to electronic "smart" meters that will

assist utility customers on energy use and reliability.

Estimated Cost: \$600,000

Fiscal Year(s): 2010-11 through 2015-16(Annual Program)

SCADA (Supervisory Control and Data Acquisition)/Dispatch Improvements

Location: 1131 Hastings Street and Hall Street Substation

Character: Expansion of capabilities in 24 hour control center

Extent: Equipment upgrades and improvements/modifications to the current control room and

to provide for a remote SCADA control center.

<u>Estimated Cost:</u> \$100,000 <u>Fiscal Year(s):</u> 2010-11

<u>SIX YEAR CAPITAL IMPROVEMENTS PLAN – 2010</u>

OTHER FINANCING SOURCES: LARGE GENERATION PROJECTS:

Baseload Capacity – Biomass

Location: Local distributed generation – either inside or outside City Limits

Character: Biomass electric generating facilities

Extent: Costs related to biomass generating facilities to provide up to 20 Mwatts of baseload

generation capacity.

Estimated Cost: \$68 Million

Fiscal Year(s): 2013-14 through 2014-15

FIBER OPTICS FUND:

Fiber Extensions – Customer Installations - (NEW)

Location: Within the L&P service area.

Character: Fiber Optic facilities extending from current facilities.

Extent: Costs related to line extensions to customer facilities (either overhead or underground)

Estimated Cost: \$336,500

Fiscal Year(s): 2010-11 through 2015-16

Wi-Fi Project - (NEW)

Location: Wtihin the L&P service area

Character: Upgrade of facilities to allow for Wi-Fi (wireless internet access)

Extent: Costs related to installing facilities that allow for wireless internet access, or "hot

zones" throughout the service area.

Estimated Cost: \$850,000

Fiscal Year(s): 2010-11 through 2015-16

TRAVERSE CITY LIGHT & POWER SIX YEAR CAPITAL IMPROVEMENTS PLAN - 2010

Subject:

Annual Circuit Maintenance Program

Light & Power's annual circuit tree maintenance program started on Monday, March 22, 2010. Trees Inc provided us with nine tree crews to complete the project. They have completed all four circuits' (HL-21, HL-22, BW-22 & BW-31) by April 5, 2010. As is our practice, we adhered to the city ordinance for tree clearances of seven feet for primary distribution lines and one foot for secondary services resulting in about 8 truck loads of chips. Several customer communication processes were initiated prior to the commencement of the project in our commitment to pre-notify affected customers (newspaper, door hangers, personal customer communication). I resolved calls from concerned customers and received one formal complaint. I thank all our customers for their patience and understanding throughout this project.
