

**Date:** Monday, June 13, 2022

**Addendum #:** 2

**Project Name:** Climate Action Plan

**Bid Due Date:** Friday, July 1, 2022, at 10:00AM EST

This addendum provides clarifications related to this RFP:

1. We conclude that accomplishing the entire scope of work in Industry Set 1 by December 1<sup>st</sup> of this year might be unrealistic given our capacity. Would TCLP accept a proposal based on a timeline that extends beyond December 1, 2022, provided that deliverables are staged such as to prevent delay in completion of the IRP contemplated in the third RFP in this sequence?

***TCL&P will accept a proposal based on a timeline that extends beyond December 1, 2022 provided that deliverables do not cause a delay in completion of the IRP.***

2. Addendum #1 states, "The utility is pursuing grant funds to supplement the \$225,000.00 budgeted amount for this initiative." Does the phrase "this initiative" refer only to Industry Set 1 or to the combined Industry Set 1, Industry Set 2, and Integrated Resource Plan?

***The wording "this initiative" consists of Industry Set 1, Set 2 and Integrated Resource Plan.***

3. The RFP states that sealed bids will be received until 10:00 a.m. on Friday, June 17, 2022. Having additional time would help us prepare a more thoughtful proposal that best meets TCLP's needs with a realistic workplan and budget. Would TCLP consider extending the proposal deadline by two weeks until Friday, July 1, 2022, and perhaps simultaneous with responses to the separate RFP for Industry Set 2?

***TCL&P will extend the due date of the sealed bids to July 1, 2022 at 10:00 am EST.***
